# ACTIVATE™

## SP

**MICROBIAL INOCULANT  
SOLUBLE NONPLANT FOOD  
INGREDIENT**

### DESCRIPTION

**ACTIVATE™ SP** contains naturally occurring, beneficial microorganisms which may enhance the biodiversity of the soil ecosystem.

### CONTENTS

*Bacillus subtilis* and *B. pumilus*.

### GUARANTEED ANALYSIS

75 billion CFU (colony forming units) per gram of *B. subtilis* and 25 billion CFU (colony forming units) per gram of *Bacillus pumilus*.

### COMPATIBILITY

**ACTIVATE™ SP** is compatible with most fertilizers, but the benefits of **ACTIVATE™ SP** will be reduced when applied during the use of strong chemicals.

### APPLICATION

Use 50 to 100 grams (1 3/4 to 3 1/2 oz.) per acre/ crop cycle. Multiple applications work best. Best response is where product is concentrated in the root zone through drip irrigation or soil injection. Co-apply with liquid manure or compost for enhanced response.

### STORAGE

Store in a cool, dry place. Avoid prolonged exposure to direct sunlight. Tightly re-seal after opening to preserve shelf life. Store between 35° and 80°F. Do not freeze.

### CAUTION

Product is safe and non-toxic when used as directed. Keep out of reach of children and pets! Do not inhale or ingest. Avoid contact with skin, eyes, or clothing. In case of contact, flush with water. If swallowed, drink water and consult a physician.

**NOTICE** - Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. Since weather, crop and soil conditions may vary, NRG and/or seller make no warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risks of use and handling, whether or not in accordance with directions or suggestions.
