

CB SOIL NPK

7 - 15 - 7
Liquid
For Soil

DESCRIPTION

CB SOIL NPK is an improved NPK source of nutrients designed to supply nutrients efficiently for plants as a direct soil application, water injection or soil drench. **CB SOIL NPK** is specially formulated to stay readily available for maximum nitrogen, phosphorus and potassium uptake. Apply just ahead of plant needs.

COMPATIBILITY

CB SOIL NPK is compatible with most fertilizers, fungicides and pesticides. In all cases, it is recommended that a jar test be made to determine the compatibility of **CB SOIL NPK** with other materials before proceeding with high volume mixing.

APPLICATION

RATE: Apply 5 to 20 gallons per acre of **CB SOIL NPK** just ahead of plant needs. Rates should be determined by soil analysis.

STORAGE

Store in a cool, dry place. Avoid prolonged exposure to direct sunlight. Tightly reseal after opening to preserve shelf life.

CAUTION

Product is safe and nontoxic when used as directed. Keep out of reach of children and pets! Do not inhale or digest. Avoid contact with skin, eyes, or clothing. In case of contact, flush with water. If swallowed, drink water and consult a physician.

NOTICE - Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. Since weather, crop and soil conditions may vary, NRG and/or seller make no warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risks of use and handling, whether or not in accordance with directions or suggestions.

GUARANTEED ANALYSIS

Total Nitrogen (N).....7%
Available Phosphoric Acid (P₂O₅).....15%
Soluble Potash (K₂O).....7%

PRIMARY PLANT FOOD SOURCES:
Urea, White Phosphoric Acid and Potassium Hydroxide

NON PLANT FOOD INGREDIENTS:
Plant Extracts and organic acids derived from Leonardite.
