

MYCO APPLY LIQUID ENDO

ENDO Mycorrhizae Fungi NONPLANT FOOD INGREDIENT

DESCRIPTION

LIQUID ENDO contains naturally occurring, beneficial microorganisms which may enhance the biodiversity of the soil ecosystem. **LIQUID ENDO** inoculum consists of a 4 species blend of spores of arbuscular mycorrhizal fungi (endomycorrhizal fungi), well suited to a variety of soils, climates and plants including herbaceous plants, shrubs, ornamentals, fruit and nut trees, vegetables, and turfgrass. Liquid comes in a particle size that will pass through a #70 screen. These beneficial fungi colonize plant roots, expand into the surrounding soil, and greatly increase the roots ability to absorb water, nutrients, and improve yields.

GUARANTEED ANALYSIS

Contains 4 Endomycorrhizal fungi: *Glomus intraradices* & *G. aggregatum*, *G. mosseae* & *G. etunicatum* @ 900,000 propagules/gallon (each).

COMPATIBILITY

LIQUID ENDO is compatible with most fertilizers, but the benefits of **LIQUID ENDO** will be reduced when applied during the use of strong fungicides.

APPLICATION

NURSERIES: **LIQUID ENDO** can be watered into pots or trays. Use 6.4 ounces per 1000 sq. ft. of pots or trays. **ROW CROPS:** Inoculum can be injected in planting row or side dressed before or during planting at a rate of 3.2 oz (1 gal/40 ac) to 6.4 oz. (1 gal/20 ac) per acre. **TURF:** Apply during installation or aerification of turf. Use 1 oz. per 9000 sq. ft. of turf. **TREES:** At planting, use 3.2 ounces per acre in direct contact with seedling or in planting water. For existing young trees use 6.4 ounces. For mature trees use 12.8 ounces per acre. **SHAKE CONTAINER WELL BEFORE DISPENSING.**

STORAGE

Store in a cool, dry place. Avoid prolonged exposure to direct sunlight. Tightly re-seal after opening to preserve shelf life. Store between 35° and 80°F. Do not freeze.

CAUTION

Product is safe and non-toxic when used as directed. Keep out of reach of children and pets! Do not inhale or ingest. Avoid contact with skin, eyes, or clothing. In case of contact, flush with water. If swallowed, drink water and consult a physician.

NOTICE - Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. Since weather, crop and soil conditions may vary, NRG and/or seller make no warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risks of use and handling, whether or not in accordance with directions or suggestions.
