

Natural Electrolyte and Nutrient Complexor

DESCRIPTION

NATURE'S ENHANCE is a natural electrolyte that enhances the uptake of major and minor nutrients. **NATURE'S ENHANCE** complexes with minerals and metals maintaining them in an available form.

COMPATIBILITY

NATURE'S ENHANCE is compatible with most fertilizers, pesticides, fungicides, herbicides and defoliants. In all cases, it is recommended that a jar test be made to determine compatibility of **NATURE'S ENHANCE** with other materials before proceeding with high volume mixing.

FOLIAR APPLICATION

Mix 1 gallon per acre per treatment together with recommended fertilizer per sprayed acre. Repeat this application every 2 - 4 weeks for best results. **NATURE'S ENHANCE** is even compatible with phosphoric, calcium, and potassium mixes. Trees and Vines: Three applications are recommended: (1) At budding/flowering stage (2) Clearing (3) Fruit enlargement. ROW CROPS: (1) Rapid growth (2) Bloom (3) Fruit set. HORTICULTURE: Three applications during the growing season: (1) At transplanting to help in root development (2) Applications should be applied during the vegetative cycle and (3) during fruit enlargement.

SOIL APPLICATIONS

NATURE'S ENHANCE may be used on all crops: potatoes, cotton, alfalfa, trees, vines, and vegetables, and horticulture plants. FERTILIZER: **NATURE'S ENHANCE** can be mixed with a liquid fertilizer at a rate of 1 gallon per 10 gallons of liquid fertilizer applied. TRANSPLANT: Combine **NATURE'S ENHANCE** with transplant solution before planting at a rate of 3 gallons per nursery acre. IRRIGATION: **NATURE'S ENHANCE** may also be used in a dilute solution through sprinklers during irrigation at a rate of 1 - 2 gallons per acre. DRIP IRRIGATION: **NATURE'S ENHANCE** can be put through the drip line in small quantities over the growing seasons. Dose: 1/4 gallon per week per acre through irrigation. HOME AND GARDEN: Use 1 to 2 ounces per gallon of water.

STORAGE

Store in a cool, dry place. Avoid prolonged exposure to direct sunlight. Tightly re-seal after opening to preserve shelf life.

CAUTION

Product is safe and non-toxic when used as directed. Keep out of reach of children and pets! Do not inhale or ingest. Avoid contact with skin, eyes, or clothing. In case of contact, flush with water. If swallowed, drink water and consult a physician.

NOTICE - Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. Since weather, crop and soil conditions may vary, NRG and/or seller make no warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risks of use and handling, whether or not in accordance with directions or suggestions.

GUARANTEED ANALYSIS

CONTAINS NONPLANTFOOD INGREDIENTS:

4% Fulvic Acid derived from Leonardite,
Molasses, and Bacillus Bacteria.
