

TRUE

"315" Liquid Organic Fertilizer

DESCRIPTION

TRUE 315 is a natural, hydrolized, fish based fertilizer for either soil or foliar use. **TRUE 315** can be used on trees, vegetables, row crops and vines. The production process is certified by the Organic Materials Review Institute (OMRI) resulting in a product that can be used by certified Organic Growers.

COMPATIBILITY

TRUE 315 is compatible with most fertilizers, fungicides and pesticides. In all cases, it is recommended that a jar test be made to determine the compatibility of **TRUE 315** with other materials before proceeding with high volume mixing.

APPLICATION

SOIL USE: Dilute **TRUE 315** at a rate of 2 parts water to 1 part **TRUE 315**. A minimum of six gallons per acre is recommended. **FOLIAR USE:** Dilute **TRUE 315** at a rate of 10 parts water to 1 part **TRUE 315**. Use a minimum of 2 gallons per acre and a maximum of 6 gallons per acre. When used as a foliar, apply early in morning or late evening so as to prevent possible leaf burn. Never apply at midday (leaf burn may occur). Caution: use 25 to 1 when spraying sensitive plants.

STORAGE

Store in a cool, dry place. Avoid prolonged exposure to direct sunlight. Tightly reseal after opening to preserve shelf life.

CAUTION

Product is safe and nontoxic when used as directed. Keep out of reach of children and pets! Do not inhale or ingest. Avoid contact with skin, eyes, or clothing. In case of contact, flush with water. If swallowed, drink water and consult a physician.

NOTICE - Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. Since weather, crop and soil conditions may vary, NRG and/or seller make no warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risks of use and handling, whether or not in accordance with directions or suggestions.
