

YUCCA

Liquid Yucca Extract

DESCRIPTION

YUCCA is a liquid concentrate of 100% natural extract from the Yucca Schidigera plant which grows in the western deserts. Cold pressed processing retains all of the natural attributes and maximum activity. May be applied to soil, plants, or used as a spray adjuvant. Can be used on trees, vegetables, row crops and vines.

COMPATIBILITY

YUCCA is compatible with most fertilizers, fungicides and pesticides. In all cases, it is recommended that a jar test be made to determine the compatibility of **YUCCA** with other materials before proceeding with high volume mixing.

APPLICATION

SOIL: Use 1 pint (16 ounces) of **YUCCA** per acre.
FOLIAR: Use 3 ounces of **YUCCA** per 100 gallons of water to reduce surface tension. **Trees:** Use 1/2 to 1 pint per acre as a foliar amendment.

STORAGE

Store in a cool, dry place. Avoid prolonged exposure to direct sunlight. Tightly reseal after opening to preserve shelf life.

CAUTION

Product is safe and nontoxic when used as directed. Keep out of reach of children and pets! Do not inhale or ingest. Avoid contact with skin, eyes, or clothing. In case of contact, flush with water. If swallowed, drink water and consult a physician.

NOTICE - Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. Since weather, crop and soil conditions may vary, NRG and/or seller make no warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risks of use and handling, whether or not in accordance with directions or suggestions.
