

H-POWER

12% LIQUID HUMIC ACID

DESCRIPTION

H-POWER 12% is a commercial fertilizer which also contains humic acid derived from Leonardite. Leonardite results from the decomposition and compression of organic plant materials. Humic acid may aid in uptake of micro nutrients.

COMPATIBILITY

H-POWER 12% is compatible with most fertilizers, pesticides, herbicides and defoliant, except those with a low pH. **H-POWER 12%** is incompatible with calcium nitrate- **DO NOT MIX TOGETHER**. Always mix **H-POWER 12%** with materials that have a pH of 6.0 or higher. If there is a question in compatibility always do a small sample test. This can be done by taking any small container and mixing the material in question with a small amount of **H-POWER 12%**. If it doesn't blend up quickly, **DO NOT USE**.

STORAGE

Store in a cool, dry place. Avoid prolonged exposure to direct sunlight. Tightly re-seal after opening to preserve shelf life.

APPLICATION

H-POWER 12% may be used on all grain crops, potatoes, cotton, alfalfa, seed crops, beans, trees, vines, cole crops, tomatoes, sugar beets, pepper, rice and vegetables, and horticulture crops. **SOIL APPLICATION:** **H-POWER 12%** may be mixed with liquid fertilizers or added directly to dry fertilizer. When using liquid fertilizers mix 1 - 3 gallons of **H-POWER 12%** per acre. **IRRIGATION:** can be put through the drip line in small quantities over the growing season or injected into sprinklers. **TREES AND VINES;** Three application are recommended: At budding/flowering stage, clearing and fruit enlargement using 2 - 4 quarts per acre per treatment. **FOLIAR:** Mix 1 - 2 pints of **H-POWER 12%** together with recommended fertilizer per sprayed acre. Repeat this application every 2 - 4 weeks for best results.

CAUTION

Product is safe and non-toxic when used as directed. Keep out of reach of children and pets! Do not inhale or digest. Avoid contact with skin, eyes, or clothing. In case of contact, flush with water. If swallowed, drink water and consult a physician.

NOTICE - Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. Since weather, crop and soil conditions may vary, NRG and/or seller make no warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risks of use and handling, whether or not in accordance with directions or suggestions.
