

TURF CARE

Liquid Thatch Remover For Turf

DESCRIPTION

TURF CARE is a part of a comprehensive turf care program to control undesirable thatch buildup. Grass clippings and other organic matter can keep water from penetrating to the roots and stunt the growth of your lawn. **TURF CARE** is the alternative to the backbreaking thatch rake. Naturally occurring beneficial microbes work below the grass line to help break down lawn clippings and other organic matter. Enzymes insure speedy results.

MICROBIAL CONTENTS GUARANTEE

Contains *Bacillus licheniformis* and *Bacillus subtilis*.

COMPATIBILITY

TURF CARE is compatible with most fertilizers, but the benefits of **TURF CARE** will be reduced when applied during the use of strong chemicals.

APPLICATION

Use **TURF CARE** at a rate of 3 fluid ounces per 1000 square feet using a hose end sprayer or through the sprinkler system. Make 3 initial applications two weeks apart. For maintenance, apply 3 fluid ounces once every month. Works best when air temperature exceeds 55 degrees.

STORAGE

Store in a cool, dry place. Avoid prolonged exposure to direct sunlight. Tightly reseal after opening to preserve shelf life.

CAUTION

Product is safe and nontoxic when used as directed. Keep out of reach of children and pets! Do not inhale or ingest. Avoid contact with skin, eyes, or clothing. In case of contact, flush with water. If swallowed, drink water and consult a physician.

NOTICE - Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. Since weather, crop and soil conditions may vary, NRG and/or seller make no warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risks of use and handling, whether or not in accordance with directions or suggestions.
