Calcium Chelate
6% Calcium, .5% Boron
Liquid Foliar

DESCRIPTION

CALCIUM CHELATE is designed to supply foliar calcium efficiently to vegetable crops, field crops, row crops, deciduous fruit and nut trees, grapes and citrus. Foliar fertilization is intended as a supplement to a regular fertilizer program and may not by itself provide all the nutrient normally required by agricultural crops and other intended plants.

COMPATIBILITY

CALCIUM CHELATE is compatible with most fertilizers, fungicides, and pesticides. In all cases, it is recommended that a jar test be made to determine the compatibility of **CALCIUM CHELATE** with other materials before proceeding with high volume mixing.

STORAGE

Store in a cool, dry place. Avoid prolonged exposure to direct sunlight. Tightly reseal after opening to preserve shelf life.

APPLICATION

VEGETABLE AND FORAGE CROPS: Apply 1 to 2 pints of **CALCIUM CHELATE** per acre at the appropriate stages of growth and development. **GRAPES:** Apply 1 to 2 quarts per acre at the veraison stage of development. A second application of 2 quarts per acre 30 days prior to harvest may result in earlier maturity. **TREE AND NUT CROPS:** Apply 2 to 4 quarts per acre per application through the growing season as a maintenance program. **TREES AND SHRUBS:** Apply 1 to 2 pints per 500 gallons of water.

CAUTION

Product is safe and non-toxic when used as directed. Keep out of reach of children and pet! Do not inhale or digest. Avoid contact with skin, eyes, or clothing. In case of contact, flush with water. If swallowed, drink water and consult a physician.

NOTICE - Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. Since weather, crop and soil conditions may vary, NRG and/or seller make no warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risks of use and handling, whether or not in accordance with directions or suggestions.

GUARANTEED ANALYSIS
