CYTO-GEM

Liquid
2 – 1 – 1
For Growing Roots

DESCRIPTION

CYTO-GEM is derived from fish and sea kelp called alga (Ascophyllum Nodostrom). The specialized extraction makes this product non-toxic and non-polluting. It is harmless with no addition of synthetic hormones making it suitable for all crops and applications including field crops, vegetable and flower gardens, orchards and turf grass. **CYTO-GEM** promotes balanced crop growth, improved crop quality and increased yields.

COMPATIBILITY

CYTO-GEM is compatible with most fertilizers, fungicides, and pesticides. In all cases, it is recommended that a jar test be made to determine the compatibility of **CYTO-GEM** with other materials before proceeding with high volume mixing.

APPLICATION

CYTO-GEM may be applied to soil, plants, or seeds. **SOIL USE:** Apply 3 gallons per acre per growing season. Ground apply by mixing with fertilizers and injecting in irrigation water. **FOLIAR USE:** Apply 3 sprays, 7 to 14 days apart. In each spray use 1 to 1.5 gallons of **CYTO-GEM** per acre. **TRANSPLANTS:** Use 1 quart to 50 gallons of water before planting. **HOME AND GARDEN:** Use 1 to 2 ounces per gallon of water.

STORAGE

Store in a cool, dry place. Avoid prolonged exposure to direct sunlight. Tightly reseal after opening to preserve shelf life.

CAUTION

Product is safe and non-toxic when used as directed. Keep out of reach of children and pet! Do not inhale or digest. Avoid contact with skin, eyes, or clothing. In case of contact, flush with water. If swallowed, drink water and consult a physician.

NOTICE - Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. Since weather, crop and soil conditions may vary, NRG and/or seller make no warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risks of use and handling, whether or not in accordance with directions or suggestions.
