www.callnrg.com

## DESCRIPTION

**WAKE UP GOLD** is a complete soluble microbial substrate used for ACTIVATE™ crop microbials. **WAKE UP GOLD** is a precise blend of soluble microbial food that stimulates rapid germination of the Bacillus bacterial spores into active, growing cells.

## COMPATIBILITY

**WAKE UP GOLD** is compatible with most fertilizers, fungicides, and pesticides. In all cases, it is recommended that a jar test be made to determine the compatibility of **WAKE UP GOLD** with other materials before proceeding with high volume mixing.

## APPLICATION

**SOLUBLE:** Use ½ to 1 pound of **WAKE UP GOLD** per 50 to 100 grams (1 ¾ to 3 ½ oz.) of soluble ACTIVATE™ culture, and apply through irrigation water 2 to 4 times during crop cycle.

## STORAGE

Store in a cool, dry place. Avoid prolonged exposure to direct sunlight. Tightly re-seal after opening to preserve shelf life.

## CAUTION

Product is safe and non-toxic when used as directed. Keep out of reach of children and pet! Do not inhale or ingest. Avoid contact with skin, eyes, or clothing. In case of contact, flush with water. If swallowed, drink water and consult a physician.

**NOTICE** - Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on this label when used in accordance with directions under normal conditions of use. Since weather, crop and soil conditions may vary, NRG and/or seller make no warranty of any kind, expressed or implied, concerning the use of this product. The user assumes all risks of use and handling, whether or not in accordance with directions or suggestions.

## NON PLANT FOOD INGREDIENTS:

50% Yeast Extracts  
50% Corn Sugar
